Serhiy Shambir

Junior Frontend Developer

SUMMARY

Im Junior Frontend Developer . I have worked with HTML, CSS, JavaScript, and React while building training projects. I am organized, detail-oriented, and responsible in my work. I learn quickly, work well in a team, and I am looking for an opportunity to grow and gain my first commercial experience in IT

PROJECT EXPERIENCE

WebStudio
GitHub

- Technologies: HTML, CSS
- Description: Responsive website built with HTML and CSS. The project includes adaptive layout for different screen sizes and Retina displays. This was one of my first projects where I learned basic frontend development and layout structure.

EcoTote
GitHub
Technologies: HTML, CSS
Description: Team project for creating a responsive website.
Role: Frontend Developer
Responsibilities:

- Technologies: HTML, CSS
- Implemented responsive design for mobile and desktop
- Collaborated with team using Git and GitHub
- Fixed layout issues and improved UI

BugHunter
GitHub
Technologies: JavaScript, HTML, CSS, REST API
Description: Team project for building a web application with dynamic content and user interaction.
Role: Frontend Developer
Responsibilities:
• Developed interactive features using JavaScript
• Worked with REST API to fetch and display data
• Implemented responsive design for different devices
• Collaborated with team using Git and GitHub (pull requests, code review)
• Fixed bugs and improved application performance
• Developed specific components (e.g., modal, form, gallery)
